STRATEGIC BRAND FOUNDATIONS

PURPOSE, PILLARS & ARCHITECTURAL VOICE

Pixel Ceramic bridges precision industrial engineering with haute architectural luxury. We empower global architects, builders, and interior designers with porcelain compact surfaces that endure.

PILLAR 01

MATERIAL EXCELLENCE

PREMIUM CRAFTSMANSHIP

Hyper-refined raw clays, Italian mineral glazes, and sintering kilns operating at 1220°C create vitrified surfaces of unparalleled structural density and timeless tactile resonance.

PILLAR 02

INDUSTRIAL METRIC

PRECISION ENGINEERING

Exact diamond-wheel rectification ensuring hairline $\leq 1\text{mm}$ joint installations, zero-deviation planar flat-press calibration, and water absorption rates strictly below 0.05%.

PILLAR 03

SPATIAL DESIGN

MODERN ARCHITECTURAL ELEGANCE

Seamless monumental slab formats that transform floors, ventilated facades, and custom kitchen islands into monolithic sculptures celebrating light and natural organic veining.

OFFICIAL BRAND TAGLINE

“INSPIRING HOMES”

The tagline embodies our enduring promise to elevate human sanctuaries. It must always be rendered in Montserrat bold uppercase, tracking at +180, anchored under the brand wordmark.

TAGLINE RULE:

Never translate “INSPIRING HOMES” into regional vernaculars. In all international export literature, the phrase remains in universal English typography.

DO SAY (AUTHORITATIVE & EDITORIAL)

“Engineered sintered compact surfaces calibrated for monolithic architectural indoor-outdoor continuity.”

DON'T SAY (COLLOQUIAL & DISCOUNT)

“Affordable ceramic flooring tiles available in various popular designer colors and bulk export discounts.”

VOICE ATTRIBUTES

- Editorial & Architectural:** Speak as curator and master craftsman.
- Scientific & Precise:** Quote DIN / EN / ASTM physical metric standards.
- Poetic Materiality:** Highlight natural quarry geology and sensory touch.

VISUAL GEOMETRY & IDENTITY ASSETS

LOGO CONSTRUCTION, SAFE CLEAR SPACE & USAGE

The PIXEL CERAMIC master mark consists of a bespoke geometric sans-serif wordmark featuring custom interlocking crossbars in the letter 'X', balanced architectural underlines, and the integral registered trademark symbol.

MINIMUM REPRODUCTION SIZES

To guarantee legibility of the tagline and fine registered trademark (®) mark:

PRINT MEDIA

25 mm Width

DIGITAL SCREENS

100 px Width

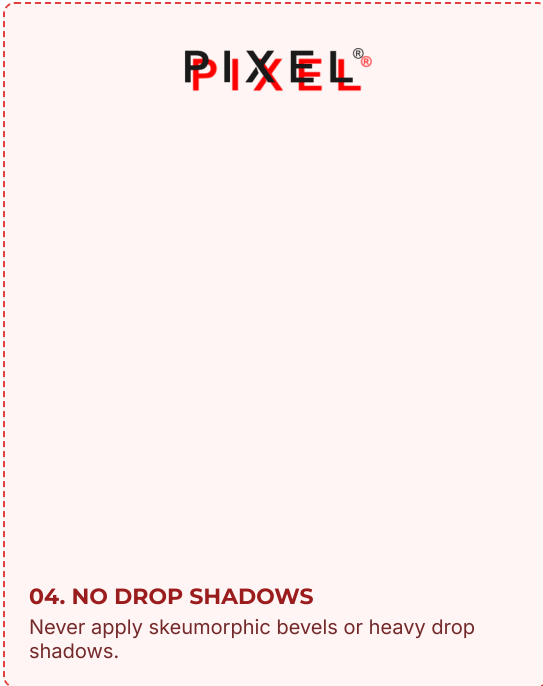

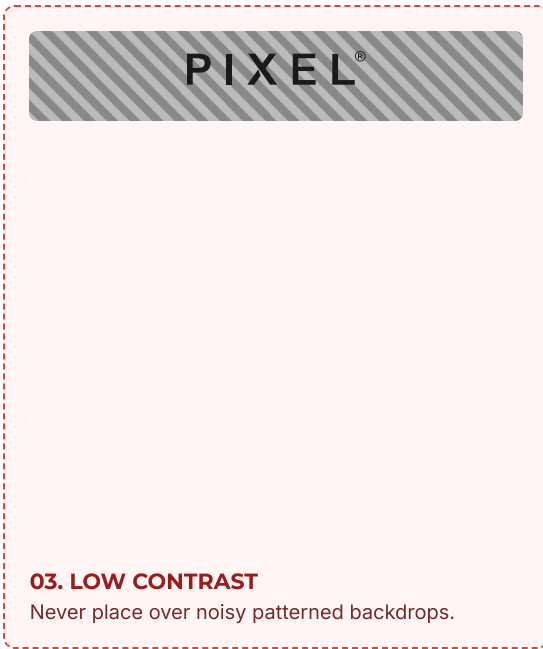

GEOMETRIC ANATOMY

The letter 'X' is engineered with a dynamic 45° asymmetric overlap, referencing porcelain cutting angles and precision architectural intersections.

VISUAL IMAGERY STANDARDS

LIGHT, TACTILE SURFACE RELIEF & SPATIAL SCALE

PIXEL CERAMIC imagery celebrates the raw tactile elegance of vitrified minerals. All architectural captures must balance natural daylight grazing with absolute chromatic fidelity.

TACTILE RELIEF

01. PRODUCT PHOTOGRAPHY

Utilize 45° directional low-angle grazing lighting to reveal 3D carving veins, hone finishes, and ultra-matte micro-relief. Avoid front-flash or flattening specular highlights.

CAMERA & LIGHTING METRICS

- 50mm-85mm Prime • f/8-f/11 Deep Focus
- ISO 100 • 5600K Color-Balanced Strobes
- Micro-texture crop ratio: 1:1 Macro Focus

INDUSTRIAL POWER

02. INDUSTRIAL CRAFTSMANSHIP

Capture continuous hydraulic press facilities, kilns firing at 1220°C, automated polishing lines, and technicians inspecting rectifications with precision digital micrometers.

CRAFT ART DIRECTION

- Authentic un-staged factory floor captures
- Deep slate shadows with orange kiln glow accents
- Focus on calibrated micrometers and CNC cutters

SPATIAL VOLUME

03. ARCHITECTURAL SCALE

Showcase sintered slabs in context: double-height residential lobbies, commercial towers, and seamless kitchen island waterfalls. Always include subtle human scale for grand proportions.

SPATIAL COMPOSITION

- Strict one-point perspective architectural framing
- 24mm tilt-shift lens for vertical line correction
- Abundant diffused natural sunlight exposure
